Medical Student Lectures, UAMS

November 2012: Vascular Lesions: Malformations, Neoplasms, and Reactive Proliferations (UAMS M2 Pathophysiology Course)

February 2013: Dermatopathology 1: Intro and Melanocytic Lesions (UAMS M2 Pathophysiology Course)

February 2013: Syndromes/Genetic Disorders with Cutaneous Manifestations (UAMS M2 Pathophysiology Course)

Fall 2013: Vascular Lesions: Malformations, Neoplasms, and Reactive Proliferations (UAMS M2 Pathophysiology Course)

Sara C Shalin, MD, PhD

Teaching and Mentoring: Courses and Lectures Taught

Spring 2014: Dermatopathology 1: Intro and Melanocytic Lesions (UAMS M2 Pathophysiology Course)

Spring 2014: Syndromes/Genetic Disorders with Cutaneous Manifestations (UAMS M2 Pathophysiology Course)

April 2014 "Careers in Pathology and Dermatology" Dermatology interest group guest panelist

Fall 2014: Dermatopathology 1: Intro and Melanocytic Lesions (UAMS M2 Musculoskeletal module)

Fall 2014: Syndromes/Genetic Disorders with Cutaneous Manifestations (UAMS M2 Musculoskeletal module)

Fall 2014: Vascular Lesions: Malformations, Neoplasms, and Reactive Proliferations (UAMS M2 Hematology module)

October 2014: "Careers in Pathology and Dermatopathology" Pathology Interest group (SCOPE) guest panelist

Fall 2015: Dermatopathology 1: Intro and Melanocytic Lesions (UAMS M2 Musculoskeletal module)

Fall 2015: Syndromes/Genetic Disorders with Cutaneous Manifestations (UAMS M2 Musculoskeletal module)

Fall 2015: Vascular Lesions: Malformations, Neoplasms, and Reactive Proliferations (UAMS M2 Hematology module)

Graduate Student Lectures, UAMS

January 2013 "Using your dual degree: Careers in dermatopathology" MD/PhD lunch series

October 2014 "Using your dual degree: Careers in dermatopathology" MD/PhD lunch series

Spring 2015: "Vascular Tumors" (Molecular and Biochemical Pathobiology, Pathology 5043)

Spring 2015: "Melanocytic Pathology (Molecular and Biochemical Pathobiology, Pathology 5043)

Pathology Resident Lectures, UAMS

August 2012: Skin grossing

February 2013: Melanoma

February 2013: A Primer on Inflammatory Dermatopathology

February 2013: High yield topics in Dermatopathology,

Fall 2013: Skin grossing

February 2014: Syndromes/ Genetic disorders with Cutaneous manifestations

February 2014: High yield topics in Dermatopathology, Slide seminar

Fall 2014: Skin grossing

Sara C Shalin, MD, PhD

Teaching and Mentoring: Courses and Lectures Taught

December 2014: Patient safety in the AP laboratory

February 2015: Cutaneous Manifestations of Lupus

February 2015: Skin Deep: Melanoma

February 2015: High yield topics in Dermatopathology, Slide seminar

July 2015: Patient safety in the AP laboratory

February 2016: High yield topics in Dermatopathology, Slide seminar

February 2016: A Primer on Inflammatory Dermatopathology

February 2016: Dermatopathology Rapid Review (lecture prepared by me, given by the fellow)

July 2016: Patient safety in the AP laboratory

Dermatology Resident Lectures, UAMS

2012- present: Dermatopathology didactic lecture, various topics (**twice monthly**)

2012- present: Dermatopathology microscope teaching session, various topics (**twice monthly**)

Resident lectures, other, UAMS

Oct 2014: Pathology Slide seminar for Rheumatology residents and fellows
